Rules changes 2008

NAME OF CLUB _____

x ✓

1. Revise the pitch length for U11's to 20 yards (could be covered using ECB Guidelines)
2. Revise the pitch length for U13's to 21 yards (could be covered using ECB Guidelines)
All junior cricket is played to ECB guidelines and directives, then add the above with an appendix and a note pointing out these could be liable to change after the Handbook goes to print.
3. To allow a club to have a "B" side in the same league if there is a place spare due to a club not entering that season.
4. General Rules 6: Remove "may be played on artificial pitch", in other words all games must be played on grass.
REASON, the only club is Greenmount and unfortunately their artificial has a very poor bounce and also gives them an advantage and they also have the best square in the league.
5. To allow U11's games not played on a Wednesday evening to be played on Thursday Evening.
6. Remove General Rule 27 "Replaying of Cancelled Fixtures".
7. Make U18's cricket one night (therefore freeing up a date for replaying of fixtures) 20 overs
8. In addition to the U18's League ONE DAY League have a 40 over mid week fixture program during school holidays with a maximum of 5 teams per group with a play off
It's time to move out of the 1970s and accept that most lads no longer leave school at 16 and start work
9. U13's cricket to be pairs cricket (10 a side) in the league competition and a full game in the cup competition.
10. Introduce an U11's cup competition.
